Hogan (R., Md.), who told me she would check with Representative Hogan and get from him one or two possible dates for visiting the Agency. Representative Hogan will be visiting the fair afternoons through 19 September but this should not interfere with his mornings. She will call me as soon as she has checked with him.

8. (Confidential - GLC) Roy Bullock, Staff Administrator, House Foreign Affairs Committee, called about the request which Representative Lee Hamilton, Chairman of the Near East Subcommittee, had made for the appearance of an Agency witness before his Subcommittee on the situation in the Middle East. Bullock said he planned to raise this question with Chairman Morgan since Hamilton had written to him on the subject. He asked what the "protocol" was on this. I told him that in the past we had accepted a verbal indication that Chairman Morgan endorsed the request of a subcommittee chairman for a briefing, but we agreed that under the rules under which the House is now operating, it might be desirable for the Chairman to submit these requests in writing. I told Bullock that I would give this some thought and be back in touch with him tomorrow.

25X1 9. (Unclassified - GLC) Walter Ochinko, Congressional Research Service, Library of Congress, called to say he had been referred to us by Mr. Swain, Bureau of Narcotics and Dangerous Drugs, in connection with a request the Library has received for a study on the use of heroin in Southeast Asia. Swain suggested that Ochinko ask the Agency for a copy of a research paper which we recently prepared on the subject of heroin in Southeast Asia. This matter has been referred to Mr. [redacted], O/DDI, and Mr. [redacted] in Mr. [redacted] office, for response. 25X1 25X1

11. (Internal Use Only - LLM) Mr. Peter Stark, in the office of Representative John Schmitz (R., Calif.), called and asked if we could supply him with a map of SE Asia depicting the areas of insurgent activities for their use in the office. I told him I would look into it and be back in touch. Mr. [redacted], OBG, is working on this.
